

CCC Heep Woh College
Report on the Use of the Promotion of Reading Grant
2022-2023 School Year

The major objectives for the Promotion of Reading:

- To raise the students' interest in reading
- To create a reading culture in school

Part 1: Evaluation of the Effectiveness

1. Evaluation of achievement of the objectives:

The reading culture in school was developed by organizing different types of reading activities. Most of the students reflected that the reading activities can raise their interest in borrowing books related to the theme of the activities and also enrich their knowledge on the related theme of the activities. It is recommended to continue organizing the reading activity with different departments to cultivate the reading culture and promote reading in school.

2. Evaluation of strategies:

Besides expanding the volume of books in the school library to widen the horizon of the students in reading, the class library was established in F.1 & F.2 classes. It can provide a platform for students to borrow books in class. Students reflected that their interest in reading can be raised by borrowing books to read in the class library. As the habit of borrowing books in the class library was established for F.1 & F.2 students, it is suggested to establish an F.3 class library in the next academic year to encourage the students to keep on their habit of borrowing books in class. Thus, the reading culture in school can be promoted.

The Fireflies Read Online (篇篇流螢網上閱讀計劃) and the Chinese Reading Report Contest (文言閱讀報告比賽) were successfully held in this academic year. The above-mentioned activities can motivate students to read during their spare time and provide a chance for students to set goals for the aspect of reading. Moreover, book recommendations by teachers can promote the culture of book sharing among teachers and students. It can also attract students to borrow the books which were recommended by the teachers. The above-mentioned activities are recommended to be organized in the next academic year.

Part 2: Financial Report

	Item	Actual expenses (\$)
1.	Purchase of Books	
	Library books for students from different departments & committees	\$41,927.45
