Report on the Use of the Promotion of Reading Grant for 2025-2026

Part 1: Evaluation of the Effectiveness

1. Evaluation of achievement of the objectives:

   In the 2025–2026 school year, a total of 1,976 books were borrowed by students. In the school-based reading habit survey, 52.6% and 36.6% of respondents stated that they spent more than one hour reading Chinese and English materials every week respectively. This indicates that students are developing regular reading habits.

2. Evaluation of strategies:

   To foster a school-wide reading culture, various reading activities were organized in collaboration with other departments. The Library Department coordinated with the Chinese Language Department, English Language Department and Religious Education Department to organize a bookstore visit, “書海漫遊”, and two Reading Circle gatherings, “閱讀茶聚”, in the first and second terms, these events attracted approximately 10 to 20 students per session. Other collaborative events included “篇篇流螢『全年之星』” and the “文言閱讀報告比賽” with the Chinese Language Department, along with the “ERS Outstanding Students Award” organized with the English Language Department. To further incentivize consistent reading habits, awards such as "Monthly Top Reader" and "Focus Reader in Morning Reading Session" were presented to students.
